## Materials:

- text & image templates (included below)
- construction paper (9x12in):  
*yellow, black, white*
- scissors
- glue sticks
- crayons/markers

## Option 1: Construction Paper Cut-Outs (see photo example)

*\*Note: For this option, you must be able to make photocopies on construction paper*

1. Use **Templates B-C** to make copies of the craft pieces on colored paper. Each template will list the color to use and the number of pieces you need for each child.
2. Choose the text style that suits your class, and copy the related **Text Template (D-H)**. Cut the strips so that each child has the top and bottom sentence strip ready to glue.
3. Give each child a 9x12 background book page. (see photo for color suggestion)
4. Instruct students to complete the sentence strips (read, trace, or write), and glue them on the top and bottom of the page, leaving plenty of room in the middle for their images.
5. Students should then cut out the colored paper images and glue them in place on their book page. Help students figure out the best order to glue, as some pieces overlap:  
*\* Position Trinity Knot pieces, and then glue each one on the mid-right side of the page. Glue "T" to the left, overlapping if needed. Write each Trinity name in one space in the knot.*

## Option 2: Students Color & Cut (not shown)

1. Make one copy of **Template A** for each student on white construction paper (use regular copy paper if you do not have the option to photocopy onto construction paper)
2. Instruct students to use crayons/markers to color the images on the template.
3. Choose the text style that suits your class, and copy the related **Text Template (D-H)**. Cut the strips so that each child has the top and bottom sentence strip ready to glue.
3. Give each child a 9x12 background book page. (see photo for color suggestion)
4. Instruct students to complete the sentence strips (read, trace, or write), and glue them on the top and bottom of the page, leaving plenty of room in the middle for their images.
